I think that's exactly the right way to go. What's most useful is an explanation of what EPA considers, what Oregon has done, and an evaluation of whether that's adequate. If I have questions today, I'll give you a call. If I don't, have a great time

Let me know if you have questions. I'm out Friday & Monday **Ex. 6 - Personal Privacy**, but in on tues. I was trying not to do a point by point rebuttal – but more of a general response to the letter.

I recommend that Alan or you be prepared to address questions about the status of the review of the comments on CZARA and any target date for a decision on Oregon's program.
